

HOSTILE ENVIRONMENT AWARENESS TRAINING

HEAT is an intensive **five-day training** taking place in **Gotenica, Slovenia**.

Why attend?

To improve **understanding of threats in hostile environments** and **adopt ways and means of dealing with them** in an effective manner by rehearsing **safety and security procedures** according to specific threats.

For whom?

Police and **civilian personnel deployed or planning to be deployed to high risk environments**. Priority will be given to participants selected for international missions and operations.

Conditions to attend

English proficiency is a precondition to attend as the training program is conducted in English.

Valid **driving license** for cars with manual transmission is required.

POTC reserves the right to reject participation of any applicant without providing specific reasons.
